ASSO. GERMAN DOCTORAL RESEARCHER

FEBRUAR 2026

NEW STATEMENT ON THE WissZeitVG

The BMFTR is currently re-visiting the overhauling of the WissZeitVG. We are working on a new statement on this topic together with N². If you want to partake in additional discussions on this, reach out to us via email!

LABOUR DISPUTE CONCERNING TV-L

The unions and the TdL have agreed on a potential deal, but union members still need to vote on it. Many small steps have been taken, but no major successes have been agreed upon. The new deal is planned to last 27 months. What are your thoughts on this deal?

GET TO KNOW OUR NEW SPOKESPEOPLE:

Our EC is now led by Kaustav and Luisa. Kaustav's background is in astrophysics and he is conducting research in the field of biophysics, while Luisa, who already co-lead our EC last year, is working in the field of public and international law.

Frauen und Mädchen in der Wissenschaft

INTERNATIONAL DAY OF WOMEN AND GIRLS IN SCIENCE (11 FEBRUARY)

The International Day of Women and Girls in Science highlights how informal hierarchies and gendered power structures still shape scientific careers worldwide. These dynamics influence access to networks, mentorship and recognition, often disadvantaging women. The story of Rosalind Franklin shows how easily women's contributions can be marginalised. As the Bundesverband Promovierende, we work to challenge these dynamics and push for structural change to achieve genuine equality.

I HADN'T BEEN AWARE THAT THERE WERE DOORS CLOSED TO ME UNTIL I STARTED KNOCKING ON THEM.

— GERTRUDE B. ELION

YOUR VOICE MATTERS!

We value your feedback and suggestions. If you have any ideas reach out to us and get involved!
