A loose network has formed in April, which tries to connect scientists and initiatives at universities fighting the uprising of far-right politics in Germany. They plan a week of action in July.

## NOW IT'S YOUR TURN: WHICH EVENTS DO YOU REALLY NEED?

We had a few events over the last year and want to do even more! For the coming months, we are planning new workshops and events designed to support you, and we want to align them closely with your actual needs.

- Which topics are relevant?
- Which formats would benefit you?
- When do they realistically fit into your PhD schedule?

## WHAT IS HAPPENING FOR PHDS RIGHT NOW?

- We attended the FLS 2026 conference in Hamburg and enjoyed some great conversations with you. The PhD breakfast on Saturday was especially wonderful.
- We were at the TNB conference in Berlin to address and discuss issues and concerns of doctoral candidates with politicians and other people.
- 370 people came to the Philipp Schwartz Forum in Berlin on 9th-10th April to discuss challenges to science freedom.
